Counseling Services Team

The counseling services team helps students who aim to study abroad by answering their questions. Since the beginning of the 2021 year, the team members have answered the questions of (42) students.

The Student Counseling Center at the Egypt Scholars Organization provides free academic advising and scientific advice services to the university and postgraduate students.

The center seeks to prepare students for the best ways to communicate with the scientific community and to prepare for applying for scholarships in the best universities in the world.

The services provided by the center range from answering general or specialized questions in various scientific and theoretical fields, as well as providing detailed advice on preparing to apply for postgraduate studies and grants abroad.
