DAR Team

Dar's team organizes many lectures in various fields, where specialized professors and experts give lectures, each in his field.

Most of these lectures are recorded and uploaded to our YouTube channel.

A lecture entitled "The journey of statistical analysis, from the research question to the p-value", where the We hosted Dr. Muhammad Al-Sharif, to take us on a simulated journey of the process of data analysis. It tells us closely about how the statistician thinks, and what he does? It shows us how to start the path of learning medical statistics. You can view the recording of the lecture [here](#):
